MEMBER BENEFITS

▶ BEING HEARD BY GOVERNMENT AS PART OF A RESPECTED COLLECTIVE

Resolve is the UK Government's go-to organisation when considering new community safety / ASB legislation. We represent thousands of practitioners and over 200 organisations, who serve communities across the country and over 4 million tenancies.

We sit on a number of influential advisory boards and working groups, in addition to our own National Policy Advisory Group.

We have played a role in all pieces of legislation relating to anti-social behaviour over the last 30 years. We regularly run consultations and ask members for their views on proposed legislative changes and feed this back into our colleagues in Government and the Civil Service.

Being a member of Resolve gives you a voice and allows you to have input and shape national policy.

PROFESSIONAL DEVELOPMENT

THE ASB APPRENTICESHIP

Resolve are the only approved apprenticeship training provider for the new Anti-social Behaviour & Community Safety Officer Apprenticeship (Level 4)! The UK's only ASB Apprenticeship is a great option if your organisation needs motivated and qualified individuals for ASB and Community Safety roles. It is also worth noting:

- Training costs covered by Gvt Levy
- Upskill existing staff or recruit team additions
- Custom start date possible
- if enrolling 4+ apprentices

BTECS

Our internationally recognised BTEC qualifications (approved by Pearsons) support professionals working in community safety and ASB, including police, local authorities and housing providers. Designed around current practice and real examples, each module blends technical and practical learning to build core skills. With Levels 2–5 available, the qualifications suit both new starters and experienced managers, helping practitioners meet growing demands at every stage of their career. In a sector where organisations increasingly deliver more in-house, qualified officers bring added credibility in partnership and court settings.
